

Coddington C of E Primary and Nursery School

05 July 2021

Dear Parents / Carers,

With cases in England rising we would like to encourage parents to remain vigilant. If your child is displaying any covid 19 symptoms please do not send them to school, stay home and request a test. We will require a PCR test to be carried out rather than a Lateral Flow Test at home.

These symptoms include:

- A new continuous cough
- Fever
- Loss or change to taste and smell

If your child has any of these symptoms, they may not come into school for 10 days unless they have a negative test. If your child comes to school with these symptoms, you will be contacted and asked to collect your child from school.

If a member of your household is displaying any symptoms you must not send your child into school until a PCR test has been carried for the person who is displaying symptoms. We will require a copy of the PCR test results to be emailed to the school office before your child can come back into school.

We would kindly request that only one person drops off/collects your child from school, to help minimise the number of people gathering outside the school. We also ask for masks to be worn where possible.

Kind regards

Mr Head
Head of School

Shining the Light of Learning
