

# Coddington C of E Primary and Nursery School

9 November 2021

Dear Parents / Carers,

With the number of positive cases rising in our school community, we would like to encourage parents to remain vigilant. If your child is displaying any covid 19 symptoms please do not send them to school, book a PCR test.

**We will require a PCR test to be carried out rather than a Lateral Flow test at home as Lateral Flow tests are for non-symptomatic people only.**

Symptoms include:

- A new, continuous cough
- Fever – hot to touch
- Loss or change to taste and smell

If your child has any of these symptoms, they cannot come into school for 10 days unless they have a negative test. If your child comes to school with these symptoms, you will be contacted and asked to collect your child from school.

**We require a copy of the PCR test results to be emailed to the school office before your child can come back into school.**

We would kindly request that only one person drops off/collects your child from school, to help minimise the number of people gathering outside the school and we would recommend wearing face coverings.

Kind regards

Mr Head  
Head of School
